Square Bottom Paper Bag Machine

www.mted.com

I Main Features

- + **Quality Assurance:** Ruizhi Machinery square bottom paper bag machine, committed to international standards, ensures our equipment delivers unparalleled quality and performance, consistently setting the benchmark in the industry.
- + **High Safety Standards:** Ruizhi Machinery square bottom paper bag machine, with a full-cover safety shield and automatic shutdown alarm, ensures safe operation while protecting the product from external interference.
- + **Efficient Production:** Ruizhi Machinery square bottom paper bag machine with handle inline, with its automated production line, produces 150 square bottom paper bags with handle inline per minute, significantly reducing labor costs and enhancing productivity.
- + **Modular Design:** Ruizhi Machinery square bottom paper bag machine, with the independent operation and coordination of modules (feeding, forming, and sealing) minimize downtime, streamline production, and ensure fast, efficient paper bag manufacturing.

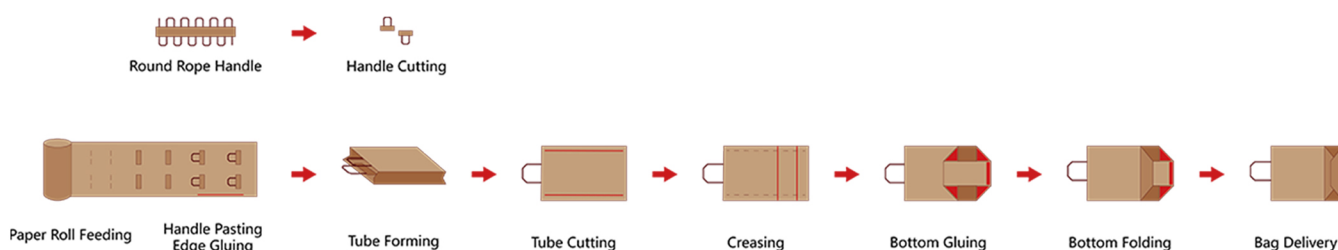

I Applications

- + Leisure Food Bags
- + Bread Bags
- + Dried Fruit Bags
